About WESSA Membership: Founded by a small group of concerned citizens in 1883, WESSA was formally established as the Wildlife Society in 1926. As WESSA (Wildlife and Environment Society of South Africa), we continue to be a membership-based organisation and throughout South Africa, our members initiate environmental projects and organise educational events and activities in their local communities. By joining WESSA, you will be helping to provide valuable support for these volunteer initiatives and will be part of a growing environmental network operating at a local community level via our branches, partners, business members, friends groups and affiliates.

WESSA members work to:

- Protect and conserve natural habitats and biodiversity
- Engage with individuals and communities to enable them to live more sustainably
- Create opportunities for social and economic upliftment through enviro education
- Collaborate and network with groups and organisations with similar objectives
- Raise awareness and promote public participation around key environmental issues

Support African Wildlife

African Wildlife, WESSA's much loved quarterly magazine, will celebrate 75 years in 2021.

Moving with the times, it is now in digital format and provides insightful coverage of environmental issues across South Africa.

With contributions from specialist writers, it is an informative and excellent educational resource suitable for senior primary through to adult.
